Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 et seq.), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 17Ab2-2 (17 CFR 240.17Ab2-2) under the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Exchange Act Rule 17Ab2-2 establishes procedures for the Commission to make a determination, either of its own initiative or upon application by any clearing agency or member of a clearing agency, whether a covered clearing agency is systemically important in multiple jurisdictions and procedures to determine, if the Commission deems appropriate, whether any of the activities of a clearing agency providing central counterparty services, in addition to clearing agencies registered with the Commission for the purpose of clearing security-based swaps, have a more complex risk profile. In addition, Exchange Act Rule 17Ab2-2 provides a procedure for the Commission to determine whether to rescind any such determinations previously made by the Commission.

Because determinations made by the Commission pursuant to Exchange Act Rule 17Ab2-2 may be made upon the request of a clearing agency, respondent clearing agencies would have the burden of preparing such requests for submission to the Commission.

Commission staff estimates that Rule 17Ab2-2 will impose a PRA burden on registered clearing agencies that seek a determination from the Commission regarding the covered clearing agency's status as systemically important in multiple jurisdictions. Commission staff estimates that two registered clearing agencies or their members on their behalf will apply for a Commission determination, or may be subject to a Commission-initiated determination, regarding whether a registered clearing agency is involved in activities with a more complex risk profile or whether a covered clearing agency is systemically important in multiple jurisdictions.

Commission staff estimates that each respondent clearing agency incurs a one-time burden of 10 hours and a one-time cost of \$2,000 to draft and review a determination request submitted to the Commission, for a total of 20 hours and \$4,000 for all respondents. The total annualized burden and cost for all respondents are 6.66 hours and \$1,333.33.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing by **[INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
